

Make your practice mobile

LEAP Mobile is a collaboration platform which enables you to access all your matters from the palm of your hand whenever, wherever and is available with LEAP.

- Access matter details including all matter correspondence.
- View critical dates and tasks.
- Use voice recognition to create emails.
- Find contact details for all parties on any matter.
- Make calls directly from the matter.
- View locations details for your appointments with integrated maps.
- Send emails and forward documents.
- Email documents to PDF.
- View staff contact information.
- Free data storage included.

Available on iPhone only:

- Check time and fees on the matter.
- Create, edit and view time entries on any matter.
- Use voice recognition to dictate your time entries.
- Automatically record time on outgoing phone calls.
- Time entries are immediately synchronised to your desktop Timesheet.
- Create edit and view fixed fees.
- Check your office and trust account matter ledgers.

To make your practice mobile, book your obligation free demonstration online today or call us for more information.

Please note that you have to be an existing LEAP customer to use this application.
